Liberty's signature outdoor high tables provide a comfortable setting, complete with a rain canopy for weather protection. The tables can be arranged into different setups based on the group size. Alfresco Outdoor Area

120+PAX

Our outdoor high tables are arranged with three long tables between every two pillars, creating four relatively independent sections. These sections can be used separately or connected into one long table. The outdoor area is suitable for casual gatherings of 4 to 40 people. If you're looking to enjoy a relaxed and easygoing social event, our outdoor high tables are the perfect choice for you.

Indoor Main dining (Sit)

80pax

The indoor main dining area is the largest indoor space in our restaurant, featuring four types of seating: low tables, booths, round tables, and indoor high tables. It's versatile for various types of gatherings, whether it's a formal business seminar or launch event (with projector and other equipment available), breakfast buffets, group lunches, business meetings, private dinners, or exclusive dinner or cocktail parties. The area can comfortably seat up to 80-100 guests for dining.

Indoor Main (cocktail event)

100pax

Due to the spacious layout, the area can be customized into different settings based on customer preferences. It can be arranged as a casual gathering with a mix of seating and cocktail tables, or set up entirely with high tables for a relaxed cocktail event. This indoor space is ideal for gatherings of 25 to 120 guests.

VIP AREA SITTING

28pax

The VIP area is located near our entrance C, offering a semi-private setting. It's separated from the larger main dining area, creating a relatively private space where guests can host breakfast or lunch meetings. This area is suitable for seated dining for groups of up to 30 guests.

VIP AREA COCKTAIL

35pax

As a semi-private indoor space, this area is very popular with guests. For gatherings of up to 35 people, we can set it up with a combination of cocktail and seating tables, making it ideal for relatively private, small to medium-sized cocktail parties.

The private dining room, a fully enclosed space with excellent soundproofing, is perfect for meetings and dining events for up to 12 people. It can accommodate 16, though it might feel a bit snug.

PDR (SPLIT)

The private dining room is best suited for 12 guests, but if you're comfortable with a cozier setup, you could opt to separate into two tables to accommodate more guests.
